

Book Recommendations

Here are general guidelines to help you choose a developmentally appropriate book for your patients. Please note that many books can be used at any age, and the ones pictured below are just a sample of titles that we provide.

**6 - 12
months**

Board books • Small books • Pictures of faces & babies • Touch & feel
• Bright colors • 1-2 words per page • Pictures with labels • Bedtime books

**12 - 24
months**

Board books • Pictures of familiar objects that can be named
• Simple rhymes • Pages with 1-2 sentences • Goodnight books
• Questions built-in • Show children sleeping, eating, playing
• Counting and alphabet books

**24 - 36
months**

Board or paperback • Books about going to school or daycare
• Simple story with characters, beginning/middle/end
• Simple vocabulary • Search and find

**3 - 5
years**

Paperback • More challenging vocabulary
• Content can be more abstract or introduce new concepts
• Plot includes characters, setting, beginning/middle/end
• Story has a problem with a solution
